Objective

BTech CSE student with strong skills in C, Python, ReactJS, Spring Boot, and MySQL. Experienced in full-stack development, technical solution design, and problem solving. Passionate about technology consulting, AI technologies, and aligning technical solutions with business needs. Seeking an opportunity as a Technology Consulting Intern to contribute to real-world projects, collaborate with stakeholders, and deliver impactful, data-driven solutions.

Education

- **B.Tech in Computer Science and Engineering**, K L University (2023–2027) — CGPA: 9.32
- **Intermediate (12th)**, Star/Pavithra Jr College (2021–2023) — Marks: 902
- **SSC (10th)**, Jawahar Public School (2020–2021) — Marks: 585

Skills

Technical Skills:	C, Python, HTML, CSS, JavaScript
Frameworks/Libraries:	ReactJS, Spring Boot, REST APIs
Databases/Tools:	MySQL, MongoDB, Git, GitHub, VS Code, Postman, Maven
Soft Skills:	Problem Solving, Communication, Team Collaboration, Time Management

Certifications

- MongoDB Certified Associate Developer – MongoDB
- Salesforce Associate certification – Salesforce
- Google(AI/ML) – EduSkills
- Linguaskills certification – Cambridge University

Projects

- **Sports Event Management System — HTML, CSS, JavaScript, GitHub Pages**
Developed a dynamic website for managing sports events, including player registration and scheduling. Designed an intuitive and responsive UI and deployed the site using GitHub Pages for easy public access.
- **Online Voting System — React + Vite, Spring Boot, MySQL, Docker**
Developed a full-stack online voting system with secure authentication and role-based access for voters and admins. Integrated Spring Boot REST APIs with a MySQL database and containerized the application using Docker for streamlined deployment.

Extra-Curricular Activities

- Regularly solve coding problems on LeetCode and CodeChef to enhance problem-solving skills.
- Participate in coding contests and hackathons tackling real-world challenges under time constraints.
- Collaborate with peers on coding projects to improve teamwork and algorithmic thinking.
